Our consumption and our interactions shape the world!

With us, you enter a special world – even if only for a short time. That's why, as an event venue, we place great value on responsible action.

Let's create a space for sustainable events together, where we foster respectful relationships and treat one another with mindfulness and mutual respect.

What you consume

FOOD AND BEVERAGES

Our supply process is transparent and our supply chain is sustainable. When selecting our products, we attach great importance to ecological, social and ethical aspects.

How we interact

SOCIAL RESPONSIBILITY

O.S.D. strives to be an attractive employer by implementing transparent measures to retain and motivate our employees.

We promote a healthy work-life balance through flexible working hours and the option to work from home. An inclusive work environment where discrimination has no place is a core part of our philosophy.

We are committed to supporting people who face barriers to the job market and offering them opportunities for professional development.

What surrounds you

PRESERVATION OF THE HISTORICAL VALUE

We place great value on preserving and enhancing historical sites. Our location is a listed former blacksmith's workshop, and we are committed to preserving its cultural heritage.

Our facilities — including furniture and construction materials — are sustainably designed and primarily made from recyclable materials.

Where it comes from

ENERGY

We rely on renewable energy sources and continuously improve the energy efficiency of our systems.

LEOGANT WATER TREATMENT

Our in-house water treatment plant filters groundwater into high-quality drinking water and enriches it with energy.

Responsibility for the environment

PRESERVATION OF THE HISTORICAL VALUE

We minimize waste through prevention, separation and recycling, our venues and offices are designed according to ecological principles and we promote a paperless office to reduce our ecological footprint.

What we promote and support

CULTURAL PROMOTION

Our association O.S.D e.V. promotes artists in the field of analog and electronic music with a focus on sound. This is achieved through event platforms and professional management.

QUALITY MANAGEMENT AND CUSTOMER FEEDBACK

Our sustainability strategy is constantly evolving to meet both current and future requirements. We firmly believe that sustainable action is the key to long-term success and a better world.

We have introduced structured processes for efficient quality management and are open to feedback in order to continuously improve our services.
