Within the brick walls of the former blacksmith's shop pulsates the "heart" of Old Smithy's Dizzle, directly connected to the evergreen garden.

Lots of wood, beautiful steel art and countless indirect light sources provide cosiness and warmth in our "living room".

The eye-catcher is the noble green theatre curtain made of velvet, which makes the room smaller if necessary or creates a stage in a few easy steps.

*The feel-good atmosphere for networking,  
get-together and dinner*
